S 510	Continued From page 2 legal appointment had been rescheduled because of job training and when she informed the client he disagreed with the change in appointment. As results of the client's disapproval the appointment was rescheduled and the client was picked up from his job and taken to the appointment. She verified that she routinely canceled legal appointments without the client's consent. She verified that this process failed to allow the client informed consent regarding the cancellation and rescheduling of legal appointments. An interview was conducted with Client #2 at 10:52 a.m. on 3/7/2012. He reports that he has been in the program about 6 month. He reported that he has had problems with appointments. He reported that he has been informed that he did not have an appointment and that he had to go to work. He reported that he has had appointments to the doctor and the program staff changed the appointment without asking him. He reported that this was not okay with him. An interview was conducted with Client #2 at 10:52 a.m. on 3/7/2012. He reported that he has been in the program about 6 month. When asked if he had any problems with appointments, he reported that he has had problems with appointments. Client #2 reported that he has been informed that he did not have an appointment and that he had to go to work. He reported that he has had appointments to the doctor and the program staff changed the appointment without asking him. When asked if it was okay for the staff to change his appointments without his approval he said "no". An interview was conducted with Client #1 at 11:44 a.m. on 3/7/2012. He reported that the	S 510
